

# Maple Class— Look Out London

## Year A Term 3

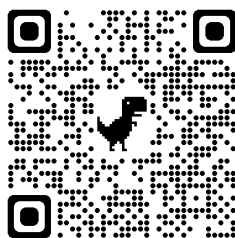

### Places to visit:

#### London

Go for a walk around London and see what landmarks you can spot. You could get a taxi or go on the London Underground. We have suggested some museums that the children might enjoy, however, there are so many in London that there might be others your family will enjoy.

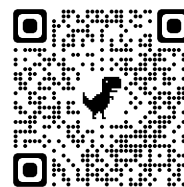

#### Tower of London

Visit the Tower of London to find out what life was like in the past.

#### Young V&A Museum

Be imaginative and get creative at the Young V&A Museum.

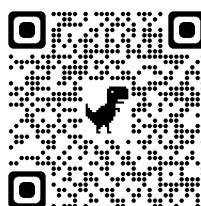

#### Things to do at home:

- Go to a bonfire night celebration.
- Make a model of different London landmarks. You could use lego or junk modelling.
- Use a large cardboard box to make a bus or train and pretend you are going on a journey.
- Find out about traditional British foods and have a go at making some.
- Make rangoli patterns to celebrate Diwali.
- Make a crown or some jewellery for the King and Queen.
- Go to the library and find some London themed books.
- Watch Paddington or Mary Poppins as both are set in London.
- Go on a walk around your local area and look for different landmarks. Can you spot any similarities or differences to London?

#### London Science Museum

Figure out how different things work by exploring the Science Museum.

#### London Transport Museum

Visit the Transport Museum and find out more about London buses, taxis and trains!
